5. Fire fighting measures

Hazardous combustion products: Oxides of carbon, oxides of nitrogen, irritating organic vapors.

Sulphur oxides

Extinguishing media: Carbon dioxide, foam, powder

Fire-fighting method: In case of fire, keep containers cool with water spray.

Notice and measures for firing

fighting:

Wear self-contained breathing apparatus and full protective clothing, such as turn-out gear.

6. Accidental release measures

Emergency measures: Avoid skin and eye contact.

Do not let product enter drains. Ensure adequate ventilation.

Clean-up methods: For small spills wipe up with paper towel and place in container for disposal.

For large spills absorb onto inert absorbent material and place in sealed container for

disposal.

7. Handling and storage

Notice for handling: Use only in well-ventilated areas.

Vapours should be extracted to avoid inhalation.

Prolonged or repeated skin contact should be avoided

Notice for storage: Store in a cool, well-ventilated place.

Store in original containers at 8-21°C (46.4-69.8°F) and do not return residual materials to

containers as contamination may reduce the shelf life of the bulk product.

8. Exposure controls / personal protection
